Policy Statement

MW Training Consultants offers assessment opportunities to all enrolled students. MW Training Consultants is committed to ensuring that all assessment is conducted in a fair and equitable manner, meeting the requirements of the relevant Training Package, industry expectations and standards.

MW Training applies flexible assessment options, which recognise the diversity of individual student needs and circumstances, facilitating wherever possible the realisation of their learning and vocational goals.

MW Training Consultants ensures that:

- assessment complies with the Principles of Assessment (POA) as prescribed in the SRTO 2015;
- evidence submitted for assessment is assessed in accordance with the Rules of Evidence (ROE) as prescribed in the SRTO 2015; and
- all assessments are conducted by individuals who meet the necessary requirements as noted in the SRTO 2015.

Policy Principles

Underpinning Principles

Competency based assessment is a system of collecting evidence, about a person's performance to a pre-set competency standard with emphasis placed on what a person can do (the outcome) rather than comparing a person's achievement to others.

There is no concept of pass or fail, only competent (C) or not yet competent (NYC). The training is focused and allows for greater participation of the student in the assessment process.

Three levels of assessment:

Various levels of assessment may be used, including:

- i. **Diagnostic** also known as pre-assessment provides information about prior knowledge and skills. This baseline information may diagnose a problem or training requirement.
- ii. **Formative** assessment assists and supports training by monitoring and advising students of their performance and rate of progress against the training outcomes. This provides feedback to the student, supervisor and trainer on what development activities are needed to achieve the required competencies. Assessment accumulates.
- iii. **Summative** assessment evaluates of achievement of the Training outcome. Often conducted in the workplace, summative assessment confirms achievement of the competency requirements. Assessment culminates.

Assessment modes may include:

- i. On-the-job
- ii. As part of training
- iii. Off-the-job (Simulation)
- iv. Completion and submission of assignments / work projects
- v. Recognition of Prior learning (RPL)

Evidence gathering methods commonly used by MW Training Consultants may include, but are not limited to:

- vi. Projects
- vii. Written Assignments
- viii. Workplace assignments
- ix. Workplace performance
- x. Documentation
- xi. Demonstration
- xii. Questioning
- xiii. Role play
- xiv. Simulation
- xv. Oral presentations
- xvi. Written tests
- xvii. Portfolio
- xviii. Third party reports.

Assessment is carried out in accordance with the requirements of the relevant Training Package, on a consistent and timely basis to ensure that learning has taken place and that students have acquired the knowledge and skills required to demonstrate competency.

All assessments will be recorded in accordance with MW Training Consultants Records Management Policy and procedures using appropriate documentation and Student Management System (SMS). Assessment outcomes will be recorded and securely maintained in both electronic and manual systems.

Feedback is provided to students and includes the assessment outcome and guidance for further learning and assessment (as appropriate);

Special Considerations

- a) Students who experience unforeseen circumstances or have special needs that affect their performance in an assessment may be eligible to apply for a special consideration and reasonable adjustment to assessment.
- b) Special consideration may apply to students who during training or assessment experience one of the following circumstances:
 - i. Serious illness or psychological conditions for example, hospital admission, serious injury, severe anxiety or depression (requires doctor's certificate).
 - ii. Bereavement.
 - iii. Hardship/Trauma for example, victim of crime, sudden unemployment.
 - iv. Other exceptional circumstances (to be assessed on application).
- c) Students wishing to apply for Special consideration in the above circumstances may do so by discussing their circumstances with the Administration Manager of MW Training Consultants.

 - i. Extension of submission date (not beyond 6 months);
 - ii. Deferred Assessment;
 - iii. Additional assessment;
 - iv. No action;
 - v. Withdrawal from course without penalty;
 - vi. Resubmit/reassessment; or
 - vii. Opportunity to recommence course, dependent on availability on another date.

Reasonable Adjustments to assessment

- a) Students have the right to apply for and receive adjustment to assessment activities to accommodate individual/special needs.
- b) Adjustments to assessment cannot compromise the integrity of assessment, elements and performance criteria of the unit of competency.
- c) Adjustments to assessment will not provide an unfair advantage / disadvantage to students.

Assessment Submission

- a) All assessments submitted must include a completed assessment cover sheet, for student identification and disclaimer purposes.

- b) Assessments must be submitted by students within four (4) months of commencement of any unit/course.
- c) Students who wish to submit assessments after four (4) months of commencement of a unit/course may need to re-enrol in the training course paying the scheduled course fee at the time.
- d) Students are allowed one “re-submit” for an assessment which has previously been deemed “Not Yet Competent”. Fees may apply for a second “Re-submit”, at the discretion of the Director of MW Training Consultants.
- e) Third and subsequent re-submissions are not allowed. Students must undertake further learning and possibly re-enrol, therefore paying a further course fee.

Principles of Assessment

Assessments are conducted in accordance with the Principles of Assessment as prescribed in the SRTO 2015. Below is an excerpt from the SRTO 2015 (Table 1.8-1):

Fairness	<p>The individual learner’s needs are considered in the assessment process.</p> <p>Where appropriate reasonable adjustments are applied by the RTO to take into account the individual learner’s needs.</p> <p>The RTO informs the learner about the assessment process, and provides the learner with the opportunity to challenge the result of the assessment and be reassessed if necessary</p>
Flexibility	<p>Assessment is flexible to the individual learner by:</p> <ul style="list-style-type: none"> • Reflecting the learner’s needs; • Assessing competencies held by the Learner no matter how or where they have been acquired; and • Drawing from a range of assessment methods and using those that are appropriate to the context, the unit of competency and associated assessment requirements, and the individual.
Validity	<p>Any assessment decision of the RTO is justified, based on the evidence of performance of the individual learner.</p> <p>Validity requires:</p> <ul style="list-style-type: none"> • Assessment against the unit/s of competency and the associated assessment requirement covers the broad range of skills and knowledge that are essential to competent performance; • Assessment of knowledge and skills is integrated with their practical application; • Assessment to be based on evidence that demonstrates that a learner could demonstrate these skills and knowledge in other similar situations; and • Judgement of competence is based on evidence of learner performance that is aligned to the unit/s of

	competency and associated assessments requirements.
Reliability	Evidence presented for assessment is consistently interpreted and assessment results are comparable irrespective of the assessor conducting the assessment.

Rules of Evidence

Assessments are conducted ensuring compliance with the Rules of Evidence (ROE) as prescribed in the SRTO 2015. Below is an excerpt from the SRTO 2015 (Table 1.8-2):
